

Formatrac®

Bendable Cubicle Track

Product Details

- Formatrac® bendable track is manufactured with a 99% recycled aluminum core and ABS (non-PVC) shell. This patented product results in the most durable and lightweight bendable track.
- Formatrac® bendable track is available in four standard lengths; 8'[2.4m], 16'[4.9m], 40'[12.2m] rolls and 105'[32.0m] rolls. This allows for virtually any length or radius bend required.
- Formatrac® bendable track is both easy to install and works with virtually any ceiling type including both tegular and flush ceiling tile.
- Formatrac® bendable track carriers are load tested to hold 50 lbs. [22.7k] per carrier.
